About the Authors
This series records some
songs invented by
callum&mark to celebrate
the small events of life,
particularly those that
include whistling and
giggles.
While the tunes that
accompany these songs can
only be imagined, they
doubtless include jaunty
airs of a folksy nature as
well as foot-stomping
passages of sheer chromatic
bravura.
These volumes are
dedicated to the reassuring
constancy of gravitational
attraction.

Roll back down:
Make your wellies
